My Dream House

I want to live in calm and open environment, so house built on small land won't be my choice. I want a large open space surrounded by compound where I can stroll especially when I feel bored. I also want a garden in front of my house. It will create a natural environment.

I prefer medium sized house which has 2 or 3 floors. I can stay in second or ground floor during summer because the top floor is excessively heated whereas I like to stay in second or third floor during winter as ground floor will be excessively cold during the period. About gym, I like to have a fitness center because I want to stay healthy.

Cool and amicable family environment is a must.

8. *Model Answer*

This song means that we shouldn't listen to what other people say about us. Nobody can tell us something bad about what we do or who we are. We shouldn't let others change us because we're perfect the way we are and we should embrace our beauty. It's also about our inner beauty - we should just be ourselves instead of trying to be someone better as in: outer beauty. No one can't tell us, girls that we can't be perfect or achieve better things in life, and we're not the best, not worth it, not pretty, not beautiful, not star potential, or not presidential just like in the song.

Adapted from: lyricinterpretations.com/selena-gomez/who-says

9. *Model Answer*

"You'd like to change about yourself
But when it comes to me
I wouldn't want to be anybody else"

Explanation:

I like the lyrics since it tells about someone who keeps her trust to her own self. She will never let people affect her. She also doesn't want to copy anybody. It is always okay to be different among people who think the same.

10. *Model Answer*

I like the song since it gives me courage. The song keeps me moving forward. There is nobody perfect in this world. It is our own self who decides to be kind or otherwise. We become ourselves because we decide it. People cannot make us to be anyone else than ourselves. Our identity is what makes it important, not people's opinion.
